

# Transform your TV and Hi-fi VCR into a Home Theater System with the HTP-55!

## Pioneer's Surround Sound Home Theater

The HTP-55 is a complete Dolby Pro Logic™ Surround Sound system with a receiver/decoder and five speakers that allows you to transform your TV and Hi-fi VCR into a Home Theater System.

The Dolby Pro Logic™ Surround Receiver (VSX-108) decodes the surround information and routes it to the appropriate speakers giving you impressive sound. This receiver will also connect to your other components, maximizing the sound from any source and giving you the power to control your entire Home Theater system:

- Total 200 Watts of power
- Stereo Power: 50 watts per channel (40 Hz to 20 kHz@8 Ohm 0.9% THD)
- Surround Power: 50 watts x 4 (1 kHz, 0.9% THD)
- Dolby Pro Logic (Processing AM/FM Tuner with 30 random preset stations)
- 4 Simulated sound fields (Stadium, Stage, Disco, Live)
- 3 Audio inputs for additional equipment connection options

## Complete Speaker Package

Including passive subwoofer. The subwoofer generates some impressive bass to maximize your viewing experience, while the 4-inch full range front center and rear speakers put you in the middle of the action providing realistic surround effects:

- 4-inch full range center speakers (left and right)
- 4-inch full range rear speakers (left and right)
- Pre-programmed Universal A/V remote control

## Easy Installation

Each Pioneer Home Theater System comes with color coded wires and an easy to read installation guide to help you set-up and connect your Pioneer Home Theater system. Just follow the simple instructions in the guide, connect the wires to the jacks by matching the colors, and you're ready to start enjoying dynamic Home Theater Sound with your existing TV and Hi-fi VCR.

## Compatibility

Our experience in electronics ensures that our components have the compatibility you need. Simple, universal connections allow for full system integration between your TV, VCR, CD player and any other components, such as a DVD player that you wish to add today. The HTP-55's remote puts you in the driver's seat with the ability to control your TV, Cable and other A/V equipment functions, easily. We've designed this system to grow with your home entertainment needs for today and tomorrow.

## Quality

With more than 60 years of experience in consumer electronics, Pioneer is committed to providing the highest quality audio and video components. You can be confident in your choice of a Pioneer Home Theater system and we're confident that you'll enjoy it for many years to come.
