

PASSPORT™

### Introducing Pioneer's Voyager 3.0 Digital Cable Terminal with Passport 2.0 Interactive Navigation Software!

To meet the ever-evolving broadband need, Pioneer will be unveiling, at the C2K NTCA Show in New Orleans, May 7-10th, the latest innovations in digital cable technology—The Voyager 3.0 digital cable terminal and Passport 2.0 Navigation Software!

**Voyager 3.0** — offering such next-generation broadband capabilities as, wide bandwidth 4-digit tuner, advanced IP addressing, cable modem functionality, and superior video decompression.

**Passport 2.0** — Builds upon the Passport legacy, with IPG enhancements, broader and easier parental control, custom service authorization, and full support for external third party applications.

#### A Special "Voyager" Launch Sweepstakes just for our NTCA guests!

Enjoy the interactive experience of a lifetime from Pioneer aboard Royal Caribbean's "Voyager of the Seas." The newest, largest and most luxurious cruiseship in the world! Simply, bring the attached "Voyager" Passport to the **Pioneer booth (#3471)** to make yourself eligible for the chance to win an all-expenses-paid voyage, courtesy of Pioneer Digital Technologies, Inc.
